Course Requirements

1. Previous acting experience is not a pre-requisite.
2. Selection for **domestic students** will be by audition consisting of an improvisation exercise, sight reading, learned script (on camera) and by interview. If you have a video of any acting performance you wish us to see then please supply this also (this will be returned to you if requested).
3. **International students:** unless you are in New Zealand at the time of your application, you will not be asked to come to NZ to audition. Together with your application form and fee you are asked to send an audition disc of two performances to-camera, each one not to be less than 1 minute and a maximum of 3 minutes in duration. The pieces should be shot in medium close up and should be contemporary pieces. The other person in your piece needs to be beside the camera so that your eyeline is towards the camera not at it (ie you should relate to the other person not to the camera). It can be in 2 takes. This tape and the written application will be used to select applicants for the course.
