# WHY COME TO SOUTH SEAS?

South Seas are a leading New Zealand Film, Television, Screen Acting and Photography training institution with an excellent reputation for delivering professional industry training.

Since 1992, South Seas has been the main practical training provider for the New Zealand Film, TV and Media industries. We are an NZQA-ranked Category 1 provider and our intensive hands-on practical courses have proven to be the best way of training people to gain the experience and confidence they need to work effectively in their chosen field. In fact, our graduate destination survey reveals that we consistently achieve over an 85% employment rate in our graduate's chosen field of study.

## Level 6 | 40 Weeks

Do you want a rewarding creative career working as a professional photographer? South Seas is here to help prepare you for the photography industry. With South Seas, you can become a professional photographer and specialise in a wide variety of photographic disciplines.

## Course Content

### You will:

- Master the technology of digital image production
- Develop your skills through practical projects
- Explore how to visualise concepts through images
- Learn to analyse your own work and that of others

The course consists of a series of weekly, practical photographic exercises starting with basic but fundamental visual training. By the end of the course, you'll be able to independently complete complex photographic assignments with a professional level of competence in both creative and technical aspects.

To prepare you for the challenges of professional photographic work, the course includes lectures, demonstrations, workshops, and training exercises in the following aspects of photography.

- Science of Photography
- Introduction to Photographic Aesthetics
- Photographic Equipment
- Digital Cameras
- Post Camera Digital Workflow
- Digital Photo Post Production
- Planning and Production Skills
- Analysis and Feedback of Photographs
- Studio Lighting
- Location Shoots

You'll also be introduced to preparing photographic portfolios, curriculum vitae, researching, develop business plan, networking and developing photographic careers.

## Major in:

- Photojournalism
- Documentary
- Travel
- Sport
- Portraiture
- Fashion & Beauty
- Still Life
- Food
- Landscape

## Career Outcomes

Our photography course prepares you for a wide range of careers in the field of digital imaging, including independent photographic practice or commercial photography work such as still life, portraiture, fashion, advertising, photojournalism, documentary, or editorial photography.

## Application Requirements:

- Applicants must submit a photography portfolio that includes examples of photographs that are relevant to their aims as a photographer
- Applicants must complete the course application form including written requirements as well as complete a formal interview in-person or via telephone or Skype
- For more information regarding entry requirements, visit [southseas.co.nz/photography](http://southseas.co.nz/photography)
